

# A NEW VISION FOR PARKING AND TRANSPORT IN DAREBIN

We want to achieve our vision to make a Darebin a greener, bolder and more connected city. Therefore, we understand that we need to change our approach to parking for the future. With Melbourne's growing population, Darebin's infrastructure, housing and parking are under increased pressures.

Council is currently developing a Parking Strategy. Council recently commissioned a report to strategically review parking within the context of achieving a range of aims for Darebin, including:

- dramatically increasing the role of sustainable transport
- responding to the climate emergency
- increasing social inclusion for our community now and into the future
- improving community safety and health
- building new developments that reduce transport demands.

We are now undertaking engagement to further understand what is most important to our community.

This factsheet has been prepared to help the community understand the need for change and what opportunities may develop with a new parking management approach.

## What you need to know

- Council regularly receives feedback on a wide range of issues related to parking.
- Council understands that parking impacts are felt differently across Darebin, and measures to manage parking need to reflect this difference.
- Council is committed to reducing reliance on driving by dramatically increasing opportunities for walking, cycling and public transport.
- The Parking Strategy will support the goals and objectives outlined in the Council Plan 2017-2021, Transport Strategy 2007-2027 and Darebin Climate Emergency Plan 2017-2022.
- The Parking Strategy will begin to be implemented in late 2019 and be informed by technical studies and insights from community members who live, visit, work or have an interest in Darebin.

**From late November 2018 to mid-February 2019 we'll be out in your neighbourhood listening to your ideas on how parking can be managed in the future and the transport choices for our community.**

**To find out more, register to attend an event and tell us your ideas, visit [yoursaydarebin.com.au/parkingstrategy](http://yoursaydarebin.com.au/parkingstrategy), call 8470 8888 or email [transport@darebin.vic.gov.au](mailto:transport@darebin.vic.gov.au).**
