

# UNITED ENERGY AROUND THE BAY

## FLYING SQUAD

- Are you keen to help out and get involved in whatever opportunity pops up?
- Can you bring the fun and create a celebratory atmosphere?
- Want to get involved but not sure what role to choose?

## THE BIG PICTURE

United Energy Around the Bay is our iconic Melbourne event that inspires riders of different abilities to take on their next challenge. By volunteering on United Energy Around the Bay you will be not only helping others to achieve their personal goals but supporting the two charities; Bicycle Network and the Smith Family. It's a great day to be a part of!

## WHAT YOU'LL GET UP TO:

The flying squad is all about being available to fill in any gaps. We might need your help out on the route marshalling, setting up the start and finish sites or getting involved in a rest area. The truth is you could be getting up to a whole host of things and it's that kind of versatile volunteer we are after. If you don't want to be on any specific team and happy to try out anything on the day, this is the role for you.

You'll be reporting to the Volunteer Coordinator and start at the main site at Albert Park but could be transferred to a role out on route if required. We'll need to you be flexible in your skills and attitude and adapt to a changing environment. Be prepared for all situations and be ready to spend your time on our toes and out in the weather.

## FINER DETAILS

**Event Dates:** Sunday 6<sup>th</sup> October

**Reporting to:** Volunteer Coordinator

**Location:** Albert Park (and potentially on route)

## IS IT RIGHT FOR YOU?

- Are you comfortable standing for long periods?
- Do you have excellent communication & customer service skills?
- Are you flexible and willing to adapt to a changing environment?
- Do you like the excitement of not knowing what could be around the corner?
- Are you able to work in a busy, team environment?

Without our amazing volunteers, United Energy Around the Bay just wouldn't be possible – thanks for your interest in becoming part on this team!

Making bike riding easy for everyone
